

Keeping You Safe with IMG's Travel Intelligence App

Stay informed of safety and security issues worldwide, or reach out for help, all from *TravelKit*, the IMG Travel Intelligence mobile app. *TravelKit* provides you with detailed threat intelligence and security advice on locations and territories globally and alerts you to security incidents or disruptions so you can avoid risks and minimize threats. This standalone mobile app allows you to minimize your exposure to risks, avoid threats and easily connect with emergency contacts if necessary.

Due to the app's geolocation capabilities, it is as beneficial when at home or abroad, notifying you of risks and disruptions in your area.

Benefits of the app include:

- **Country Intelligence:** Immediate access to intelligence for over 200 countries and territories that includes informative quick-reference risk indicators and in-depth information on topics such as security issues, transportation, cultural factors, and environmental concerns.
- **Alerts:** Be promptly notified of any safety, security and travel-related incidents in your location, for any other locations on your itinerary, or for countries to which you have subscribed.

- **Geolocation:** See yourself on the map in relation to the alerts, so you can avoid the risks or make alternative plans to circumvent disruptions.
- **Emergency Hotline:** Request assistance at any time by calling an emergency hotline via a single click.
- **Itinerary:** Load your itinerary and flight numbers into the app and be notified of any major delays or cancellations regarding your travel.
- **Health intelligence:** Research your destination before traveling so you can be informed of health risks, recommended inoculations and the level of healthcare infrastructure and support.
- **Pre-trip Checklist:** With the itinerary added, you are automatically prompted to ensure your passport and insurance documentation is in place for your trip.
- **Safe-haven Location:** With geolocation active, you are shown the closest safe-havens in your vicinity, including hospitals and police stations. The app also provides a list of local emergency numbers.
