## SHORT TERM DISABILITY

- ▶ **Option 1:** Employer paid premium. Any disability benefits will be taxable income.
- ▶ **Option 2:** Your employer has provided for the cost of your coverage by adding the premium amount to your earnings. As a result, the Short Term Disability plan is considered to be provided to you on a contributory basis with after-tax dollars, and benefits are considered non-taxable.
- ▶ Your weekly Short Term Disability benefit will be 60% of your weekly pre-disability earnings, up to the maximum of \$2,310, less deductible sources of income. The minimum weekly benefit is \$25.
- ▶ Deductible sources of income may include benefits from statutory plans, unemployment income and salary continuation.
- ▶ If you meet the definition of disability, your benefits will begin on the 8th day following a non-occupational injury or the 8th day following a non-occupational sickness. The benefit duration is 25 weeks. You are considered totally disabled when you are not working at your usual occupation and, as a result of your sickness or injury, you are unable to perform with reasonable continuity the substantial and material acts necessary to pursue your usual occupation. You are partially disabled when while working in your usual occupation and as a result of your sickness or injury, you are unable to earn 80% of your weekly earnings.
- ▶ If you work while disabled, you can receive full benefits as long as your combined income and disability benefits do not exceed your weekly pre-disability earnings.
- ▶ You are not covered for a disability caused by war or any act of war, declared or undeclared, an intentionally self-inflicted injury, active participation in a riot, and commission of a felony for which you have been convicted. Benefits are not payable for any period of incarceration as a result of a conviction.

## LONG TERM DISABILITY

100% Employer Paid

- ▶ Your monthly Long Term Disability benefit will be 60% of your monthly pre-disability earnings, up to the maximum of \$10,000, less deductible sources of income. The minimum monthly benefit is the greater of \$100 or 10% of your gross monthly benefit.
- ▶ Deductible sources of income may include benefits from statutory plans, Social Security to you and your dependents, workers' compensation and other income.
- ▶ If you meet the definition of disability, your benefits will begin 26 weeks following an accidental injury or sickness. The benefit duration is up to your normal retirement age under the Social Security Act. However, if you become disabled at or after age 65 benefits are payable according to an age-based schedule. Refer to the Booklet- Certificate for details.
- ▶ You are considered totally disabled when you are not working at your usual occupation and, as a result of your sickness or injury you are unable to perform with reasonable continuity the substantial and material acts necessary to pursue your usual occupation. You are considered partially disabled while actually working in your usual occupation and as a result of your sickness or injury, you are unable to earn 80% or more of your indexed monthly earnings.
- ▶ After receiving benefits for 24 months, you are considered totally disabled when, as a result of the same sickness or injury, you are unable to engage with reasonable continuity in any occupation in which you could reasonably be expected to perform satisfactorily in light of your age, education, training, experience, station in life, and physical and mental capacity. You are considered partially disabled after 24 months of payments while actually working in an occupation, and as a result of the same sickness or injury, you are unable to engage with reasonable continuity in that or any other occupation in which you could reasonably be expected to perform satisfactorily in light of your age, education, training, experience, station in life and physical and mental capacity.

Examples of mental illness include schizophrenia, depression, manic depressive or bipolar illness, anxiety, somatization, substance related disorders (including drug and alcohol abuse), and/or adjustment disorders. Disabilities due to mental illness have a combined limited pay period during your lifetime.
- ▶ LTD benefits will not be paid for a disability that begins during the first 12 months of coverage and is caused by or substantially contributed to by a pre-existing condition. A pre-existing condition is a diagnosed condition for which you received medical treatment, care or services or took prescribed medication in the 3 months just prior to your effective date. This provision also applies to undiagnosed conditions under very limited circumstances as outlined in your Booklet-Certificate.
- ▶ During the first 12 months of part-time work while disabled, you can receive full benefits as long as your combined income and disability benefits do not exceed your monthly pre-disability earnings.

Benefits are not payable for any period of incarceration as a result of a conviction.

Implementation of the insurance plan(s) will depend on having a specific percentage of all eligible employees enrolling in the plan(s). If this percentage of enrollment level is not met, these coverage(s) may not be effective.

*Benefits, exclusions and provisions may vary by state. Refer to the plan booklet for details.*

For your coverage to become effective, you must be actively at work on the effective date of the plan. If you apply for an amount that requires satisfactory evidence of insurability to The Prudential Insurance Company of America, you must be actively at work on the date of approval for the amount requiring satisfactory evidence of insurability.

<sup>1</sup>Elections made outside of approved enrollment events and elections exceeding the guaranteed issue amount may require proof of good health. Employees previously

declined coverage must also provide proof of good health.

\*Accelerated Death Benefit option is a feature that is made available to group life insurance participants. It is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for those types of insurance coverage. The death benefit is reduced by the amount of the accelerated death benefit paid. There is no administrative fee to accelerate benefits. Receipt of accelerated death benefits may affect eligibility for public assistance and may be taxable. The federal income tax treatment of payments made under this rider depends upon whether the insured is the recipient of the benefits and is considered "terminally ill" or "chronically ill." You may wish to seek professional tax advice before exercising this option.
