

Sample notice to employees

This template is provided by Minnesota Paid Leave for employer use. Please note:

- These documents are templates provided by Minnesota Paid Leave for employer use. They are provided in Word format for your convenience – for easier completion of fillable fields, minor formatting changes (such as the addition of a company logo), or additions about company-specific policies.
- Employers must notify each employee directly within 30 days of hire or 30 days before premium collection begins. **For Paid Leave program launch on January 1, 2026, this means you must notify employees by December 1, 2025.**
- This notice must be provided to employees in their primary language, in writing. Sample notices in languages other than English will be available on the Paid Leave website.
- For notice provided in electronic format, the employer must provide employee access to an employer-owned computer during an employee's regular working hours to review and print.
- Employees should provide written or electronic acknowledgement of receipt of this notice. This can be done with a signature on a form, or by other means, such as an electronic payroll system. If an employee refuses to acknowledge that they received the notice, employers will need to be able to demonstrate how they were notified.
- If you offer Medical Leave, Family Leave, or both through an approved equivalent plan, you must also provide a separate equivalent plan notice to your workforce.
- If any of your employees are designated as seasonal hospitality employees, you may have additional notification requirements. Visit the Paid Leave website to learn more.
