

Visit with a doctor 24/7 — whenever, wherever.

With a Virtual Visit, you can talk — by phone or video — to a doctor who can diagnose common medical conditions and even prescribe medications, if needed.*

Virtual Visits may make it easier than ever to get treated by a doctor.

Whether using myuhc.com® or the UnitedHealthcare® app, Virtual Visits let you video chat with a doctor 24/7 — without setting up additional accounts or apps. But, if you'd rather just speak with a doctor, you can simply do a Virtual Visit over the phone.

Use a Virtual Visit for these common conditions:

- Allergies
- Bronchitis
- Eye infections
- Flu
- Headaches/migraines
- Rashes
- Sore throats
- Stomachaches
- And more

\$0 cost
